SLIM CAT.6A U-UTP

Cat. 6A U-UTP Slim

2 m - green - SLIM

ARTICLE CODE WPC-PAT-6AU020G-S

WP CABLING SLIM Cat.6A U-UTP Ethernet patch cord with reduced diameter, designed for high-density cabling and up to 50% less occupied space than traditional AWG24 patch cords. 100% copper AWG28/7 conductors, LSZH jacket and transparent RJ45 connectors with 50 micron gold-plated contacts. Supports 10GBase-T up to 10 Gbps, 500 MHz and PoE++.

The SLIM Cat.6A U-UTP Ethernet patch cords by WP CABLING are designed to simplify cabling in high-density rack cabinets, data centers and installations where available space is limited.

Thanks to the reduced diameter, they save up to 50% space compared with traditional AWG24 patch cords, reducing cable bulk and helping improve air circulation inside the rack cabinet. The greater flexibility also makes cabling organization and maintenance easier, especially in dense or already overcrowded installations.

PROFESSIONAL TECHNICAL DATASHEET

Technical information

WPC-PAT-6AU020G-S

Technical data

LENGTH	2 m
COLOR	green
CATEGORY	6A
CONNECTOR TYPE A	RJ45
CONNECTOR TYPE B	RJ45
SHIELDING	U-UTP
JACKET	LSZH

Applications

- Data centers
- High-density rack cabinets
- Structured cabling
- Switches and patch panels
- Servers
- 10 Gigabit Ethernet networks
- VoIP telephony
- IP CCTV
- PoE / PoE+ / PoE++ installations

Main features

- Length: 2 m
- Color: green
- Category: 6A
- Connector type A: RJ45
- Connector type B: RJ45
- Shielding: U-UTP
- Jacket: LSZH
