RJ45 CAT. 6 UTP PASS-THROUGH 8P8C PLUG FOR 23–2...

Modular Plugs

ARTICLE CODE WPC-MDP-883-6UP-R50T

RJ45 Cat. 6 UTP Pass-Through 8P8C plug for 23–24 AWG solid or stranded cable, 4+4 contacts, 50 µ gold plating.

The WP CABLING Cat. 6 UTP Pass-Through RJ45 plug is designed to make termination faster, easier to verify and more precise on 23–24 AWG solid or stranded round cable.

The conductors pass completely through the plug and exit from the front. This allows the wiring order to be checked visually before crimping and lets the cable be pulled forward so the twisted pairs can remain as close as possible to the contact area.

SHIELDING	UTP

Applications

- Applications section not available in the product description.

Main features

- Category: Cat. 6
- RJ45 8P8C
- unshielded
- Pass-Through design
- For 23–24 AWG solid or stranded cable
- Staggered 4+4 contacts
- 50 µ gold-plated contacts
- Maximum cable diameter: 6.09 mm
- Transparent body
- Crimping and front trimming with WPC-TLA-004 tool
- Meets declared ANSI/EIA/TIA/TAA specifications
- RoHS/FCC compliant

PRODUCT IDENTIFICATION

Code: WPC-MDP-883-6UP-R50T

EAN: 8054392616471
