PROFESSIONAL SMARTNESS FIBRE MANAGEMENT ACCESSO...

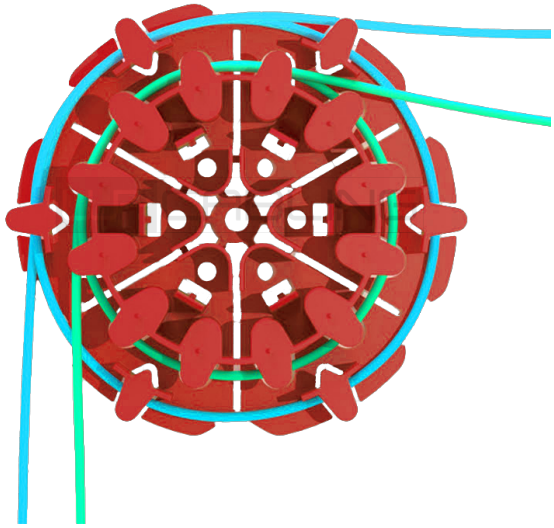

Fiber optic accessories

ARTICLE CODE WPC-FOA-CM01

Professional Smartness fibre management accessory, divisible into up to 6 sections and stackable.

The WP CABLING Professional Smartness WPC-FOA-CM01 fibre management module is a modular accessory designed to organise and guide fibres inside optical boxes, drawers and enclosures.

It can be used as a complete unit or separated into up to six sections, allowing the installer to create customised routes and guide fibres neatly through changes of direction. The sections can also be stacked using the interlocking system, providing high flexibility in the available internal space.
