19" RACK BLANKING PANEL, 2U, METAL, WITH QUICK…

Cable Management and Blank Panels

black

ARTICLE CODE WPN-ABP-2SL-B

19" rack blanking panel, 2U, metal, with quick screwless mounting, black RAL 9005. Covers unused rack units and helps improve airflow inside the cabinet.

The WP RACK 19" 2U blanking panel is designed to cover unused rack units, improving both cabinet appearance and airflow management.

When a cabinet is equipped with forced roof ventilation, unused rack spaces should be closed. This reduces air recirculation through empty openings and encourages a more controlled bottom-to-top airflow, helping the ventilation system remove heat more effectively.
