ARTICLE CODE WPC-FP0-9LCST-020

Duplex OS2 single-mode 9/125 µm fiber optic patch cord with LC-ST connectors and yellow LSZH jacket. I-VH 2G cable with 3.0 mm diameter, ideal for fiber optic connections within network infrastructures and structured cabling systems.

The Duplex OS2 WP CABLING fiber optic patch cord is designed to create reliable optical connections within data networks, telecommunications infrastructures and structured cabling systems.

The OS2 single-mode 9/125 µm fiber is protected by a yellow LSZH (Low Smoke Zero Halogen) jacket. The Duplex configuration and LC-ST connectors provide a ready-to-use connection between equipment and optical network components.
