DUPLEX OM2 MULTIMODE 50/125 ?M FIBER OPTIC PATC...

Fiber Optic Patch Cables

10 m

ARTICLE CODE WPC-FP2-5STSC-100

Duplex OM2 multimode 50/125 µm fiber optic patch cord with ST-SC connectors and orange LSZH jacket. I-VH 2G cable with 3.0 mm diameter, ideal for fiber optic connections within network infrastructures and structured cabling systems.

The WP CABLING Duplex OM2 fiber optic patch cord is designed to provide reliable optical connections within data networks, telecommunications infrastructures, and structured cabling systems.

The 50/125 µm OM2 multimode fiber is protected by an orange LSZH (Low Smoke Zero Halogen) jacket. The Duplex configuration and ST-SC connectors provide a ready-to-use connection between devices and components in the optical network.

PROFESSIONAL TECHNICAL DATASHEET

Technical information

WPC-FP2-5STSC-100

Technical data

LENGTH	10 m
CATEGORY	OM2
CONNECTOR TYPE A	ST Duplex
CONNECTOR TYPE B	SC Duplex
JACKET	LSZH
FIBER TYPE	Multimode

Applications

- Structured fiber optic cabling
- Connections between patch panels and network devices
- Data centers and server rooms
- LAN networks and telecommunications infrastructures

Main features

- Length: 10 m
- Category: OM2
- Connector type A: ST Duplex
- Connector type B: SC Duplex
- Jacket: LSZH
- Fiber type: Multimode

PRODUCT IDENTIFICATION

Code: WPC-FP2-5STSC-100
