ARTICLE CODE WPC-FP3-5STSC-030

Duplex OM3 multimode 50/125 µm fiber optic patch cord with ST-SC connectors and aqua LSZH jacket. I-VH 2G cable with 3.0 mm diameter, ideal for fiber optic connections within network infrastructures and structured cabling systems.

The WP CABLING Duplex OM3 fiber optic patch cord is designed to provide reliable optical connections within data networks, telecommunications infrastructures, and structured cabling systems.

The 50/125 µm OM3 multimode fiber is protected by an aqua LSZH (Low Smoke Zero Halogen) jacket. The Duplex configuration and ST-SC connectors provide a ready-to-use connection between devices and components in the optical network.
