PRETERMINATED 4-FIBRE FTTH CONNECTION BOX LC/UP…

FTTH Solutions

50 m

ARTICLE CODE WPC-FTH-49LC-500

Preterminated 4-fibre FTTH connection box LC/UPC with G657A2 singlemode LSZH CPR Dca drop cable, 50 m.

The WP CABLING preterminated 4-fibre LC/UPC FTTH kit combines an optical termination box with a factory-terminated singlemode drop cable, reducing installation time and on-site termination work.

The box can be wall- or DIN-rail mounted. The thin, flexible 4-fibre G657A2 drop cable is suitable for connecting the residential outlet to the building optical distribution point.

Applications

- Applications section not available in the product description.

Main features

- 4 x 9/125 µm G657A2 singlemode fibres
- 4 preterminated LC/UPC connectors
- 4-port LC/UPC optical connection box
- LC/UPC adapters with protection
- White drop cable, 4 mm outer diameter
- LSZH jacket, CPR Dca
- Cable length: 50 m
- Wall or DIN-rail mounting
- In residential FTTH systems, the four fibres can be allocated to different optical services such as TV, SAT and FTTH links depending on the network design.
