Preterminated CATV 8-fibre SC/APC singlemode G657A2 LSZH CPR Dca cable, 50 m.

The WP CABLING preterminated 8-fibre SC/APC CATV optical cable is designed as an optical backbone for TV/SAT distribution and other optical services in building installations.

The G657A2 singlemode drop cable is factory-terminated with 8 SC/APC connectors, reducing on-site termination work and simplifying installation between the headend and the building optical distribution point.
