Patch Panel

black

ARTICLE CODE WPC-PAN-6UP-24

WP CABLING Professional 19" 1U patch panel, 24 Cat. 6 UTP RJ45 ports with Tool-Less Keystone jacks and rear cable management.

The WP CABLING Professional Cat. 6 UTP Patch Panel is a complete 19" 1U system with 24 Tool-Less RJ45 jacks, designed for professional installations requiring fast termination, modularity and easy maintenance.

The panel is divided into 4 removable front modules with 6 ports each, allowing access to the keystone jacks even after installation. The removable rear tray helps organize and secure the cables.
