BLANK 19" 1U UTP PATCH PANEL, 24 KEYSTONE POSIT...

Patch Panel

black

ARTICLE CODE WPC-PAN-BUA24

blank 19" 1U UTP patch panel, 24 Keystone positions, angled, with cable management, black.

The WP CABLING angled blank UTP patch panel is designed for 24 Keystone modules and helps route cables toward the sides of the cabinet, using the vertical cable channels and reducing the need for horizontal cable managers.

The angled design directs 12 cables to the left and 12 to the right. Rear cable management supports tidy installation.
