WP CABLING PROFESSIONAL BLANK 19" 1U UTP PATCH...

Patch Panel

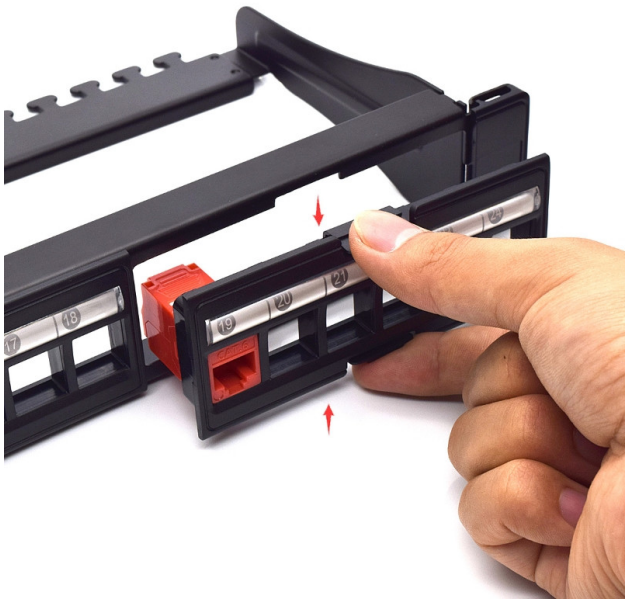

black

ARTICLE CODE WPC-PAN-BUP24

WP CABLING Professional blank 19" 1U UTP patch panel, 24 Keystone positions, with cable management, black.

The WP CABLING Professional UTP modular patch panel is a blank 19" 1U panel designed to hold up to 24 Keystone modules.

It is divided into 4 removable front modules with 6 ports each, making it easier to service keystone modules even after installation. The removable rear tray supports cable routing and fastening.
