CAT.6 U-UTP OUTDOOR ETHERNET PATCH CORD, 10 M L...

Cat. 6 U-UTP Outdoor

10 m - black

ARTICLE CODE WPC-PAT-6U100BL-O

Cat.6 U-UTP outdoor Ethernet patch cord, 10 m long, with CU AWG24/7 copper conductors, double LDPE/PVC jacket, UV and water resistance, black color and RJ45 connectors with 50 micron gold-plated contacts.

The WP CABLING Cat.6 U-UTP outdoor Ethernet patch cord is designed for Ethernet connections in outdoor installations, including exposure to UV radiation and water.

The double jacket consists of an outer LDPE layer and an inner PVC jacket. The stranded CU AWG24/7 copper conductors and twisted-pair construction provide a solution for network connections.

PROFESSIONAL TECHNICAL DATASHEET

Technical information

WPC-PAT-6U100BL-O

Technical data

LENGTH	10 m
COLOR	black
CATEGORY	6
CONNECTOR TYPE A	RJ45
CONNECTOR TYPE B	RJ45
SHIELDING	U-UTP
JACKET	PVC+LDPE outdoor

Applications

- Outdoor Ethernet connections
- Cameras and video surveillance
- Access points and PoE devices
- Network installations in outdoor environments

Main features

- Cat.6 U-UTP outdoor cable
- 100% CU AWG24/7 stranded copper conductors
- 4 twisted pairs
- Double jacket: outer LDPE and inner PVC
- UV and water resistance
- Bandwidth up to 250 MHz
- 10/100/1000Base-T support
- 2 RJ45 connectors with 50 micron gold-plated contacts
- PoE, PoE+ and PoE++ support up to 100 W for connections up to 10 m
- Operating temperature: -40 °C / +75 °C
- Length: 10 m
- Color: black
