PROFESSIONAL CRIMPING TOOL FOR PASS-THROUGH AND…

Network Cabling Tools

ARTICLE CODE WPC-TLA-005

Professional crimping tool for pass-through and standard RJ45 8P8C plugs, with front trimming and stripping.

The WP CABLING WPC-TLA-005 professional crimping tool is designed for terminating RJ45 8P8C plugs, including Pass-Through models with conductors extending through the front.

When crimping pass-through plugs, the tool compresses the contacts and simultaneously trims the protruding conductors flush at the front, providing fast, clean and repeatable termination. It can also be used with standard RJ45 plugs.
