19" RACK BLANKING PANEL, 2U, METAL, WITH STANDA…

# Cable Management and Blank Panels

black

**ARTICLE CODE** WPN-ABP-2-B

19" rack blanking panel, 2U, metal, with standard mounting, black RAL 9005. Covers unused rack units and helps improve airflow inside the cabinet.

The WP RACK 19" 2U blanking panel is designed to cover unused rack units, improving both cabinet appearance and airflow management.

When a cabinet is equipped with forced roof ventilation, unused rack spaces should be closed. This reduces air recirculation through empty openings and encourages a more controlled bottom-to-top airflow, helping the ventilation system remove heat more effectively.
