2-FAN VENTILATION UNIT WITH THERMOSTAT FOR WP R...

Cooling Units

black

ARTICLE CODE WPN-ACS-W050-2

2-fan ventilation unit with thermostat for WP RACK RWB series cabinets 500 mm deep.

The WP RACK ventilation unit with 2 fans is installed on top of compatible RWB series cabinets with a depth of 500 mm. It promotes air exchange and contributes to heat dissipation inside the rack.

The thermostat automatically activates the fans when the temperature exceeds the set value and limits continuous operation when ventilation is not required. Protective grilles cover the fans.
