19" 2U CANTILEVER FIXED SHELF, 350 MM DEEP, WIT…

Rack Shelves

black

ARTICLE CODE WPN-AFS-22035-B

19" 2U cantilever fixed shelf, 350 mm deep, with 2-point front mounting and load capacity up to 25 kg.

The WP RACK cantilever fixed shelf creates a support surface inside standard 19" rack cabinets for equipment without its own 19" rack-mounting system.

It mounts at the front of the 19" mounting rails using 2 fixing points and does not require support or fixing to the rear rails. The perforated surface promotes airflow and equipment ventilation. Depending on weight and dimensions, it is suitable for non-rackmount switches, routers, modems, small UPS units and other network equipment.
