4-POINT FIXED SHELF FOR WP RACK RSA CABINETS WI…

Rack Shelves

black

ARTICLE CODE WPN-AFS-S141100-B

4-point fixed shelf for WP RACK RSA cabinets with a compatible depth of 1000 mm. Shelf depth 650 mm and load capacity up to 45 kg.

The WP RACK fixed shelf is designed exclusively for WP RACK RSA series cabinets with a compatible depth of 1000 mm. Lateral mounting on the cabinet rails through 4 fixing points creates a stable support surface for equipment without its own rack-mounting system.

The perforated surface promotes airflow around the equipment and contributes to heat dissipation. The cold-rolled SPCC steel structure with powder-coated finish is suitable for use inside the rack cabinet. Maximum load capacity is 45 kg.
