19" 4-POINT FIXED RACK SHELF FOR CABINETS 1000…

Rack Shelves

black

ARTICLE CODE WPN-AFS-S241100-B

19" 4-point fixed rack shelf for cabinets 1000 mm deep, with brackets adjustable from 650–770 mm and load capacity up to 65 kg.

The WP RACK 4-point fixed shelf is designed for standard 19" rack cabinets with a nominal depth of 1000 mm. The depth-adjustable mounting brackets allow the installation distance to be adapted within the 650–770 mm range.

The cold-rolled SPCC steel structure, with black RAL 9005 finish, provides a stable support surface for non-rackmount equipment and other devices suitable for the available dimensions and load. The perforated surface promotes airflow and contributes to heat dissipation.
